ICT SHOK Future Internet Programme
A Finnish national research programme on Future Internet

Reijo Juvonen, Nokia Siemens Networks

FIRE Launch, 10 Sep 2008, Paris

“Strategic Centres for Science, Technology and Innovation (SHOK) will provide a new way of *bringing together* the dispersed *research resources* to meet targets that are important for Finnish business and society.”

Finnish SHOKs

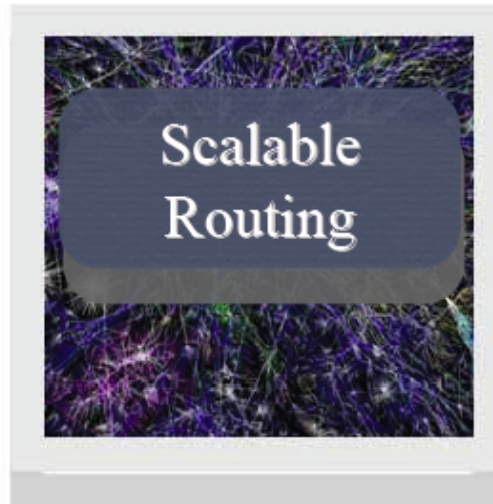

Companies, universities and research institutes will agree on a joint research plan. The plan will aim to meet the needs for practical application by companies within a 5-10-year period.

In addition to shareholders, public funding organisations will commit themselves to providing funding for the centres in the long term.
